SAFETY SOLVED CELEBRATES NEW STAFF INSTRUCTOR

Amanda Howard-Fairrington Joins the Instructional Team

DENVER, CO: Safety Solved, a company who offers American Red Cross and American Heart Association trainings ideal for new parents, medical/dental/fitness/birth professionals, and teens to the Colorado community, is proud to announce Amanda Howard-Fairrington has joined the Safety Solved Instructional Team.

Amanda is excited to bring her passion for teaching, health and all things birth, babies, children and beyond to Safety Solved. Amanda has been a Childbirth & Parent Educator for two years now as well as a Doula and Child Passenger Safety Technician. Teaching CPR now, only adds to the ways she can help keep people and families safe. Amanda will be instructing participants in American Red Cross & American Heart Association Healthcare Provider & Lay Responder CPR/AED/First Aid courses.

Please check the website www.Safety-Solved.com for upcoming trainings or to book your onsite training with Amanda.

About Safety Solved: Safety Solved brings both American Red Cross and American Heart Association trainings ideal for new parents, medical/dental/fitness/birth professionals, and teens to the Colorado community, can be found at various locations in Colorado. Please visit www.Safety-Solved.com for the most up to date schedule, locations, and registration.
